Becker Beverage Trolley

“And please remember to drink enough liquids.”

Patients and nursing staff benefit equally from **the new beverage trolley from Becker**: It makes it easier for patients to follow their doctor's advice, and effectively reduces the nurses' workload in providing hot and cold drinks. The refreshing trend colours brighten up the ward and give patients a thirst for more. **The great advantage** of the high Becker standard: Everything is available at a glance - compact, handy and hygienic. Tea bags and sugar are kept away from air and dust in the drawers. **We know** that in hospitals every moment is precious, and so we have come up with **something completely new**: With the portable dishwasher basket, there is no need to pick up dirty crockery again. And the clean crockery is back in the trolley in one simple move.
